## **Net Proceeds from the sale of Current Home**

If the closing on the current home is taking place before the loan will close with FSB, a copy of the fully executed Closing Disclosure from the sale/closing must be presented to underwriting showing the proceeds.

If the closing will be simultaneous, a Preliminary Closing Disclosure from the title company that is closing the transaction showing the expected proceeds from the sale. This needs to be as accurate as possible as any changes in the proceeds upon a Final Closing Disclosure will result in the file being sent back to underwriting for updating.

The underwriter will PTF for the Final Closing Disclosure to be provided at closing for the current home.

## **Earnest Money Deposit**

Cancelled check for earnest money deposit on purchase contract required for sourcing. If cancelled check is not available, bank statement showing withdrawal will be acceptable.

If the EMD check clears after the date of the bank statements provided and the cancelled check is provided, the funds showing on the bank statement will be reduced by the EMD amount.

## **Large Deposit Definition**

For recently opened accounts and recent individual deposits that total more than 1 percent of the purchase price or appraised value (whichever is lower) the deposits must be sourced and documented. The LO must also verify that no debts were incurred to obtain part or all of the cash to close needed. Large Deposits are at the discretion of the underwriter for sourcing. 1% references the aggregate total of deposits outside of identifiable payroll deposits and/or 1% for a single deposit.

Patterns of a deposit that are both recurring and non-payroll related will require an explanation and sourcing.

## **Joint Funds Access**

For any VA loan, if the Borrower does not hold the deposit account solely, all non-borrower parties on the account must provide a written statement that the Borrower has full access and use of the funds.

## **Retirement Accounts**

When using a retirement account for assets, reserves or down payment funds, the most recent available statement (monthly or quarterly) must be provided. 60% of the funds available on the statement will be used towards assets less any outstanding loan balances against the account.

If the borrower is drawing against the account for funds to close, evidence of liquidation is required to include:

Derogatory Accounts

FSB will review the file as a whole to determine if outstanding collection and charge off accounts will require payment or may remain open. Regardless of debt determination, the credit history that derogatory accounts present must still be included in the analysis of the file. The underwriter has the final determination and the file must contain:

- 1) LOX for all derogatory credit showing on report to help the underwriter determine if a pattern exists or if circumstances were out of the borrower's control
- 2) Supporting documentation for the LOX provided, if noted within the letter. The explanation and supporting documentation must be consistent with other credit information in the file.

Underwriting will review the information to determine if the collection accounts and charge offs were a result of 1) the borrower's disregard for financial obligations; 2) the borrower's inability to manage debt; or 3) extenuating circumstances.

Collections & Disputed Accounts

Follow applicable VA Guides

Judgments

No open judgments allowed. Must be paid in full prior to clear to close. No exceptions. This includes judgments showing on title or credit report. Recorded lien release or credit supplement is acceptable for documenting.

Lien may be paid at closing if documentation of sufficient funds to do so can be provided prior to closing for underwriting approval. Sufficient funds will include enough to pay lien (as proven by a payoff statement), down payment, cash to close as needed per CD/1003.

Tax Liens

Tax liens may remain unpaid if the borrower has entered into a valid repayment agreement and has made at least 3 months of timely payments. Payments may not be prepaid. The IRS agreement and payment history must be presented to underwriting. The final approval of allowing the lien to remain open and not be paid in full prior to closing will be a management decision. It will depend on the overall file profile. The borrower must have good to excellent credit and several compensating factors at a minimum.

Higher Priced Mortgage Loans (HPML) – Allowed per Reg. Z

FSB will require a derogatory credit letter to accompany each file that explains all derogatory credit, regardless of the age, that shows on the credit report.

Letters of Explanation Guidance

FSB will require LOX's for derogatory credit as follows:

For Manually Underwritten files: All derogatory credit for the most recent 24 months on the report and any public records or major derogatory events (such as foreclosure) will need to be addressed. FSB is looking for a reasonable explanation that shows the situation was out of the borrower's control, how the borrower resolved the situation and that the situation was resolved and did not occur again. It must show that the reason was not due to financial mismanagement. Financial Mismanagement will not allow for a loan approval.

For loans with an AUS approval: Only major items and public records will require an LOX to be completed. Foreclosure, short sale and deed in lieu of are considered major items.

LOX's should be included in the original submission to assist the underwriter with the approval/denial decision.

Inquiry Letter Guidance

All files will require a letter from the borrower that explains the inquiries showing on the credit report. We will require all inquiries for the past 90 days from the date the report is pulled to be addressed. The inquiry should state the reason it was pulled and if new credit was opened. If new credit was acquired, FSB will need the terms of the new credit that shows the payment, term of the credit and if installment or revolving credit. If this new account shows on the credit with this information, please use the letter to reference the tradeline. The letter should include the submitting bank or broker's inquiry. All letters must be signed by the borrower.

Soft Pull Reports

FSB pulls a "soft pull" credit report during the final review of the loan. As the file is being prepped to clear to close a single bureau report is pulled that will verify if new credit has been acquired during the process or if existing balances on credit have increased dramatically. If either of these situations occur, the loan will not be cleared to close until terms of the new credit have been verified or the updated balances on the reports for the existing credit maintain the approved DTI ratios needed for final approval. Additional inquiries on the soft pull will require an additional LOX per the Inquiry Letter Guidance shown above.

If the original divorce decree amounts have adjusted, we will still require the original documentation along with the most recent updates to the child support amount.</li> <li>2) If a Divorce Decree is not applicable to the situation, then the court documentation showing the original notice to pay child support should be supplied.</li> <li>3) If the support is altered in any way over time, it must be in writing through the court and the updates provided with the original court order/divorce decree.</li> <li>4) Agreements between parties outside of the court system will not be accepted due to the fact the court order takes priority until satisfied.</li> <li>5) Proof of 6 months’ receipt of the payments by the borrower, co-borrower or non-occupant spouse (as applicable). - Documentation to support the borrower's prior experience managing rental units or other background involving both property maintenance and rental must be provided
- It can be verified that borrower has cash reserves totaling minimum 6 months PITI

- The amount of rental income to include in effective income is based on 75% of either
  - Verified prior rent collected on the units of existing properties **OR**
  - The appraiser's opinion of the subject property's fair monthly rental for new construction

**Converting Current Principal Residence to Rental Property**

- Obtain a copy of the rental agreement on the property, if any
- Use the prospective rental income only to offset the mortgage payment on the rental property and only if there is no indication that the property will be difficult to rent. (Document market conditions in the loan file)

*This rental income may **not** be included in effective income.*

- Obtain a working knowledge of the local rental market. If there is no lease on the property, but the local rental market is very strong, the lender may still consider the prospective rental income for offset purposes. (Document market conditions in the loan file)

The above documentation will be supplied through an appraisal of the subject and a Market Rent Analysis form completed by the appraiser.

**Pending Sale of Real Estate**

- Qualify veteran with both PITIA for Pending Sale and PITI for new property
- Omit PITI of Pending Sale from qualifying DTI, if financing contingencies to purchase home have been cleared and documented and cash reserves described below are met.
- When pending sale of other real estate is scheduled after the purchase date of current principal residence. – 6 months reserves required for both properties OR 2 months reserves required if 30% equity in existing residence is documented

**Joint Loans that Require Prior Approval**

- Joint loans must be underwritten by lender and then forwarded to the VA for prior approval before closing
- A joint loan is a loan made to:
  - The veteran and one or more veterans (not spouse) who will not be using their entitlement
  - Loan made to Veteran and one or more non-Veteran borrowers

Prior Approval will be required for these situations, as well:

- Loans to Veterans in receipt of VA non-service-connected pension
- Loans to Veterans rated incompetent by VA
- IRRRLs made to refinance delinquent VA Loans

Effective as of June 11, 2019 the following situation no longer requires Prior Approval and FSB can issue loan approval immediately without VA Prior Approval:

- The veteran and one or more veterans (not spouse) **ALL** of whom will use their entitlement.
- The veteran and the veteran’s spouse who is also a veteran and both entitlements to be used

Both/All veterans must provide their DD214 and have a COE that shows available entitlement.

**Spousal Income Qualification in Jurisdictions that Recognize Same-Sex Marriage (Circular 26-13-18)**

VA will now review applications for the home loan guaranty benefit submitted by married same-sex couples. On a case-by-case basis, VA will determine whether same-sex married couples can use both spouses’ incomes to qualify for a loan.

Lenders receiving loan applications from same-sex married couples should forward the following information to the appropriate VA Regional Loan Center for further review:

1. Date and State of marriage;
2. State of residence at time of marriage;
3. State where subject property is located;
4. Current State of residence; and
5. Estimated date of loan closing.

VA staff will then notify the lender if both spouses’ incomes may be applied. If so, lenders should process the loan in WebLGY as “Sole Ownership,” as they would with loans made to opposite-sex married couples.

**Maintenance and utility costs for all regions:**
