Net Proceeds from the sale of Current Home

If the closing will be simultaneous, a Preliminary Closing Disclosure from the title company that is closing the transaction showing the expected proceeds from the sale. This needs to be as accurate as possible as any changes in the proceeds upon a Final Closing Disclosure will result in the file being sent back to underwriting for updating.

The underwriter will PTF for the Final Closing Disclosure to be provided at closing for the current home.

Earnest Money Deposit

Cancelled check for earnest money deposit on purchase contract required for sourcing. If cancelled check is not available, bank statement showing withdrawal will be acceptable.

If the EMD check clears after the date of the bank statements provided and the cancelled check is provided, the funds showing on the bank statement will be reduced by the EMD amount.

Large Deposit Definition

For recently opened accounts and recent individual deposits that total more than 1 percent of the purchase price or appraised value (whichever is lower) the deposits must be sourced and documented. The LO must also verify that no debts were incurred to obtain part or all of the cash to close needed. Large Deposits are at the discretion of the underwriter for sourcing. 1% references the aggregate total of deposits outside of identifiable payroll deposits and/or 1% for a single deposit.

Patterns of a deposit that are both recurring and non-payroll related will require an explanation and sourcing.

No gaps between the statements are allowed.</p> <p>Statements with NSF or Overdraft fees showing will require an LOX as to the reason for the over drafting of the account. Derogatory Accounts

FSB will review the file as a whole to determine if outstanding collection and charge off accounts will require payment or may remain open. Regardless of debt determination, the credit history that derogatory accounts present must still be included in the analysis of the file. The underwriter has the final determination and the file must contain:

- 1) LOX for all derogatory credit showing on report to help the underwriter determine if a pattern exists or if circumstances were out of the borrower's control
- 2) Supporting documentation for the LOX provided, if noted within the letter. The explanation and supporting documentation must be consistent with other credit information in the file.

Underwriting will review the information to determine if the collection accounts and charge offs were a result of 1) the borrower's disregard for financial obligations; 2) the borrower's inability to manage debt; or 3) extenuating circumstances.

Collections & Disputed Accounts

Borrower with No Credit Score

Ineligible for refinance loans. Purchase only!

Follow applicable VA Guidelines:

The IRS agreement and payment history must be presented to underwriting. The final approval of allowing the lien to remain open and not be paid in full prior to closing will be a management decision. It will depend on the overall file profile. The borrower must have good to excellent credit and several compensating factors at a minimum.

FSB will require a derogatory credit letter to accompany each file that explains all derogatory credit, regardless of the age, that shows on the credit report.

Letters of Explanation Guidance

FSB will require LOX's for derogatory credit as follows:

For Manually Underwritten files: All derogatory credit for the most recent 24 months on the report and any public records or major derogatory events (such as foreclosure) will need to be addressed. FSB is looking for a reasonable explanation that shows the situation was out of the borrowers control, how the borrower resolved the situation and that the situation was resolved and did not occur again. It must show that the reason was not due to financial mismanagement. Financial Mismanagement will not allow for a loan approval.

For loans with an AUS approval: Only major items and public records will require an LOX to be completed. Foreclosure, short sale and deed in lieu of are considered major items.

LOX's should be included in the original submission to assist the underwriter with the approval/denial decision.

Inquiry Letter Guidance

All files will require a letter from the borrower that explains the inquiries showing on the credit report. We will require all inquiries for the past 90 days from the date the report is pulled to be addressed. The inquiry should state the reason it was pulled and if new credit was opened. If new credit was acquired, FSB will need the terms of the new credit that shows the payment, term of the credit and if installment or revolving credit. If this new account shows on the credit with this information, please use the letter to reference the tradeline. The letter should include the submitting bank or broker's inquiry. All letters must be signed by the borrower.

Soft Pull Reports

FSB pulls a "soft pull" credit report during the final review of the loan. As the file is being prepped to clear to close a single bureau report is pulled that will verify if new credit has been acquired during the process or if existing balances on credit have increased dramatically. If either of these situations occur, the loan will not be cleared to close until terms of the new credit have been verified or the updated balances on the reports for the existing credit maintain the approved DTI ratios needed for final approval. Additional inquiries on the soft pull will require an additional LOX per the Inquiry Letter Guidance shown above.

Credit reports charged to veterans are limited to the actual invoice price charged to the lender, not to exceed a maximum combined total of \$100 charge must be substantiated with an invoice.

AUS fees charged to veterans are limited to actual evaluation fee charged to the lender in lieu of a credit report charge not to exceed a maximum total of \$100. Charge must be substantiated with an invoice

The only time where both a credit report and an AUS can be charged to the veteran is on AUS "Refer" cases. A maximum total of \$100 still applies for the combined total of the credit report and AUS charges

- For the subject loan being refinanced, the veteran has not been more than 30 days past due during the 6 months preceding the new loan's closing date:

- A limited cash-out transaction involves the payoff of an existing mortgage secured by the manufactured home and land (or existing liens if the home and land were encumbered as separate liens). The maximum LTV ratio will be based on the lower of:
 - The current appraised value of the manufactured home and land; or
 - If the manufactured home was owned by the borrower for less than 12 months on the loan application date and:
- If the home and land are secured by separate liens, the lowest price at which the home was previously sold during that 12-month period plus the lower of the current appraised value of the land, or the lowest sales price at which the land was sold during that 12-month period (if there was such a sale), or
- If the home and land are secured by a single lien, the lowest price at which the home and land were previously sold during that 12-month period.
- Owner occupied properties located in Texas
 - If the first or second Texas Section 50(a)(6) loan is being paid off, regardless of whether the borrower is getting any cash back, the loan is restricted to the Texas Home Equity product and is ineligible.
 - If the first mortgage is not a Texas Section 50(a)(6) loan and the second mortgage is a Texas Section 50(a)(6), the second lien may be subordinated and is considered a rate and term refinance. The second lien must be subordinate to the first mortgage and a subordination agreement must be executed. Borrower cannot receive any cash back from first mortgage transaction.
 - If a Texas Section 50(a)(6) second lien is being paid off, the loan is restricted to the Texas Home Equity product and is ineligible.
 - The title policy will reference Texas Section 50(a)(6) and is ineligible.

VA will now review applications for the home loan guaranty benefit submitted by married same-sex couples. On a case-by-case basis, VA will determine whether same-sex married couples can use both spouses' incomes to qualify for a loan.

Lenders receiving loan applications from same-sex married couples should forward the following information to the appropriate VA Regional Loan Center for further review:

1. Date and State of marriage;
2. State of residence at time of marriage;
3. State where subject property is located;
4. Current State of residence; and
5. Estimated date of loan closing.

VA staff will then notify the lender if both spouses' incomes may be applied. If so, lenders should process the loan in WebLGY as "Sole Ownership," as they would with loans made to opposite-sex married couples.

Maintenance and utility costs for all regions:

14 cents per square foot

Example: 1500 square foot home X .14 = \$210.00 / mo
